PARENT INFORMATION BROCHURE FOR LICENSED CHILD CARE

Licensed Child Care

You have chosen to use a licensed Child Care provider for the care of your child or children.

According to Nebraska State law (Neb. Rev. Statute 71-1909), the licensing and regulation of Child Care programs exists to protect children and to assist parents in making informed decisions about the enrollment and care of their children in Child Care programs. These licensing and regulatory responsibilities are within the Department of Health and Human Services (DHHS).

Nebraska Law requires anyone providing care to four or more children from different families, for compensation, to be licensed.

The Types of Licensed Child Care in Nebraska are:

- Family Child Care Home I
- Family Child Care Home II
- Preschool
- Child Care Center
- School-Age Only Center

Roles and Responsibilities of Child Care Licensing

The roles and responsibilities of DHHS Child Care Licensing staff are to ensure that programs are providing proper care for and treatment of the children they serve, and that the care and treatment are consistent with the child's physical well-being, safety, and protection.

Licensed Child Care programs are encouraged to involve you. We urge you to let your Child Care provider's staff know of any concerns. There may be situations where you believe that the program is not responding to your concerns or may not be meeting state licensing standards. This brochure,

which Child Care providers are required to share with you, provides information that might be helpful in those situations. Please complete the receipt section and return it to your Child Care provider. This will be kept with your child's records.
