Welcome to Christ Lincoln Child Care & Preschool!

We at Christ Lincoln Child Care & Preschool are pleased to be part of all of the exciting phases in your child's early childhood development. We are committed to providing quality child care and are eager to build a relationship with your family to promote your child's academic, physical, social, emotional and spiritual growth. Our ministry to children is a cooperative effort involving the child, the family, the staff and the congregation of Christ Lincoln, A Lutheran Ministry.

Christ Lincoln Child Care & Preschool (CLCC & P or "the Center") is a program of Christ Lincoln Schools (CLS), which also includes our K-5 elementary. As such, major policy and program changes are approved by the Lay Leadership Board of Christ Lincoln. The administrative team is made up of the Director of Ministries, the Principal of Christ Lincoln Schools and the Child Care Director. Day-to-day operations are the responsibility of the Director and Assistant Director.

This handbook reflects the most current policies for our child care program. You will find the policies in alphabetical order for your convenience, and I encourage you to take a few minutes to familiarize yourself with the Parent Handbook. We reserve the right to change these policies at any time, without prior notice. Of course, you will be notified of any changes in writing as soon as they happen.

Open communication is an important piece in our partnership's success. We always welcome any comments or suggestions that you might have for us so that together, we can work towards a common goal of providing the best possible child care to you and your child. Christ Lincoln Schools is committed to leading children to Love Jesus, Love Others and Love Learning.

Blessings to you!

Christ Lincoln Child Care & Preschool

Mission

Christ Lincoln Schools is committed to leading children to Love Jesus, Love Others, and Love Learning.

Vision

So all may know Jesus!

We Believe. . .

Each child is a unique and special child of God. We encourage and celebrate the development of their individuality.

Children learn best through play. Developmentally appropriate activities provide avenues for learning.

The young child is a gift from God and learns best about God's world through experimentation and exploration.

Early childhood education provides a warm and loving Christ-centered environment where each child can develop to their fullest potential physically, emotionally, socially, intellectually and spiritually.

It is the position of Christ Lincoln Schools that children need to hear and experience the love of Jesus on a daily basis. Our relationship with children is established by Christ.

“Whoever welcomes one of these little children in My name welcomes me.” (Mark 9:37)

Who We Are

Christ Lincoln Child Care & Preschool is a Christ-centered learning community for young children and families where:

- Jesus is the center of each activity and experience.
- Children are valued for their ability to do meaningful work, their wonder and curiosity, their perspective and their ability to learn and grow through play.
- Families are valued for their bonds and traditions, their commitment to work, home, community, and their dreams for children.
- Staff are valued for their vision, mission and purpose, their delight in children, their skill, heart and knowledge and a commitment to children and families.

Christ Lincoln Child Care & Preschool serves children from 8 weeks through 5th grade. Age groups are:

Infants	8 weeks - 18 months
Toddlers	18 months - 3 years
Preschool Younger	3 - 4 years
Preschool Older	4 - 5 years
Pre-Kindergarten	Older 4's and 5's
School Age	Kindergarten - 12 years

School-wide Expectations for children, staff and families are to Be Respectful, Be Responsible, Be Safe and Serve Others. Christ Lincoln holds true to LCMS doctrine and practice that is founded in God's Word.

The following policies and procedures are intended to provide parents and staff with clear expectations. Any changes made to policies, procedures, staffing, tuition or center hours will be shared with at least a two week notice. Parents can bring questions, comments or concerns to the staff and/or the administration at any time. At the end of this handbook, contact information for administration is listed.

ARRIVAL AND PICK UP

Licensing regulations and center policy requires that children are to be brought into the room by the parent or authorized escort and the parent/escort make verbal contact with his/her child's teacher. Both Federal and State governments mandate clocking the children in and out upon arrival and departure. Please use the Smartcare App-generated QR code or QR tag and the timeclock tablet to clock in and out each day.

A simple "look and see" health check will be made by the teacher when the child is brought into the room. The teacher will be looking for sore eyes, flushed face, rash, etc. The Center is dependent upon the parent to know the health of the child and to keep him/her home when ill and/or contagious.

Please inform the Center by 8:30 a.m. when your child is going to be absent or arriving later than their scheduled time. After 3 consecutive no shows/no calls your child's space is subject to cancellation. This notification allows for maximum efficiency in scheduling staff.

The staff will release a child enrolled in the Center only to the custody of the individual who enrolled the child in the Center, or to the custody of the individuals designated by the enrolling individual. Such designation shall be in writing and kept on file with the child care office. There may be instances that a verbal authorization may be given by a parent or guardian. Those designated individuals will be required to show picture identification before the child is released.

CELEBRATIONS

Celebrating special milestones, like birthdays, adoptions and holidays is special for all and creates precious memories. We encourage you to discuss the best way to celebrate with your child's class by first talking with the teacher about your ideas. Consider having lunch with your child, reading a story to the class, sharing music or a game or a cultural tradition. If you wish to bring food for a special occasion, please consider healthier food option to share and follow these guidelines:

- Obtain prior approval from the child's teacher.
- Food items must be store-bought and in its original package.
- The Center's policy is to keep food close to its natural state, low in sugar, salt, fat, additives and preservatives. When bringing treats to share, please bring enough for all children present.
- *Please note that we are a nut safe environment.

Acceptable food treats:

Crackers	Vegetables	Cereal Mix (no nuts)
Cheese Sticks	Fruit	Popcorn (plain or half salt - 3 years and up only)
Bagels	Yogurt	
Mini Muffins	Dried Fruit (2 years and up only)	

Items like bubbles, glow sticks, coloring books, noisemakers, finger puppets, etc are a great alternative to food.

If you are scheduling a birthday party, invitations may only be passed out if ALL of the children in the class are invited. Likewise, unless you are taking the whole class for a party event, we ask you not to pick up children for the party from school. Children's feelings are easily hurt. Requests for class rosters will only include a child's first name and last initial. Requests should be directed to the administrative office.

CHILD FILES

Each child enrolled at Christ Lincoln Child Care & Preschool has a confidential file in our office which includes the following:

- Enrollment Summary (includes Fee Agreement and Permissions for field trips, photographs, transportation, sunscreen and medication administration)
- Immunization Record

- Physician Statement of any medical condition, allergy or intolerance to food, insect bites or stings, or other factors, along with clear instructions in the event of an exposure.
- Accident/Incident Reports
- Medication Permissions and records
- USDA Food Program Enrollment and Income Statement (in separate files)

Children’s records are only made accessible to the teacher, administration, and any authorized personnel of state agencies. Please immediately report any changes of address, work/home phone numbers or emergency contact information. Immunizations will need to be on file and kept current as required by licensing.

CLOTHING AND SUPPLIES

We request that you send your children in comfortable and washable clothing. We plan many activities for the children, including some “messy” activities. We encourage the children to play, explore and experience as much as possible during the day. Please provide your child with an adequate supply of spare clothing for occasional spills and toileting accidents. All children will need at least one complete change of clothing, including underwear, socks, shirt, and pants.

If your child’s clothing is soiled during the course of the day, our guidelines follow the Health Department recommendation to bag the item(s) individually and send them home to be laundered by the parent/guardian. Any clothing soiled with bodily fluid will not be rinsed so as to decrease cross contamination and keep children and staff from exposure. Bagged items will have a label attached noting the type of soiling (i.e. dirt, urine, food, etc.) to aid you in laundering. Please be responsible for replacing extra clothes that are worn home, for cleaning out your child’s box periodically and for returning borrowed clothing to the Center. Borrowed Center clothing may incur a replacement fee if not returned within 3 business days.

The program includes outdoor activity except in the most inclement weather. Closed toe shoes are preferred (flip-flops and crocs are not acceptable footwear, however, sandals with ankle straps are considered a safe option). Appropriate clothing for the weather is essential for outdoor play. Boots, snow pants, jackets, mittens, and hats are needed every day for outdoor play during the winter. See Appendix D & E.

Children who are not toilet trained will need a supply of disposable diapers and wipes.

All clothing, blankets, and other items brought to the Center should be marked with the child’s first and last name. Although teachers do their best to keep track of these, the Center cannot be responsible for lost or damaged items.

Please have your child leave toys, books, games and the like at home. It is difficult to keep track of these items, and very often they are lost or damaged. They are also difficult to share. Children may occasionally bring their special items for “show and tell”, with the teacher’s prior permission. A small stuffed animal or a small pillow and/or blanket are appropriate for naptime or times when additional comforting is needed.

Articles left at the Center or in the “lost and found” will be disposed of after thirty (30) days.

COMMUNICATION

The Center communicates with families in a number of ways.

DAILY updates about your child will be shared via notifications to your Smartcare App (Notifications preferences can be found in the app settings) OR via a paper “Daily Sheet”.

WEEKLY updates will be shared through our school newsletter, which is emailed each Thursday afternoon. (Summer schedule is every other week for June/July).

AS NEEDED health, classroom, event information or reminders may be emailed, texted or shared through Smartcare notifications.

CONFERENCES are scheduled in the preschool classrooms each fall and spring to help teachers and parents gauge progress and readiness skills for Kindergarten.

PARENT MEETINGS can be scheduled as needed when concerns or questions arise. The meeting can be called by parents, teachers or administrators.

TEXT MESSAGING is used for important announcements, such as weather closures, and reminders of special events or information. Christ Lincoln Schools uses Gloo for our text messaging platform. Parents will be added to the appropriate campus groups. Please note that each campus and campus program has a designated phone number for messaging that you can add to your contacts:

Sumner Campus Child Care 833-440-7112

Yankee Hill Campus Child Care 833-840-3655

CLS Elementary 833-441-3877

More information can be found on the [Resources](#) page of our website.

The Center respects the importance of a relationship between the child care center, the child and the family. We encourage family involvement in our facility, as open communication is imperative to the growth and development of your child. Families are encouraged to visit the Center to interact with and/or observe their children for short periods of time (15 minutes) on a regular basis. Please take time to talk with your child's teacher to ensure that we have a complete understanding of your family's needs.

CURRICULUM

Christ Lincoln Child Care & Preschool is a theme-based curriculum program fostering children's growth intellectually, physically, socially, emotionally and spiritually. Sharing the love of Jesus with children and families is central to our program. We take extensive pride in facilitating a hands-on learning environment. Exploring various play opportunities is important to a child's early learning and development. We provide this environment by offering interesting materials presented in an inviting way. Teacher planned activities and curriculum are implemented for all age groups to supplement and enrich their interests. Each developmental classroom is set up to promote hands-on learning. Each room's program has a variety of learning tools designed to help children develop language skills, social skills, sensory experiences, physical strength and coordination, a positive self-image, and a foundation for faith. The teachers will give your child the opportunity to participate in both self-initiated and teacher-initiated activities. Our teachers take into consideration each child's personal developmental stage when planning classroom curriculum. The following curriculum resources are available to classroom teachers:

One in Christ & Enduring Faith Religion Curriculum - LCMS designed to support faith development in Early Childhood

Second Step - Supports social and emotional development in the preschool classrooms

ZooPhonics - Our preschool classrooms use this curriculum for letter and sound recognition

Early Learning Guidelines & Infant Toddler Rating Scale/Early Childhood Rating Scale - These tools guide our planning and room environments to ensure we are supporting children in the various developmental areas.

Parents and staff will work together to serve as a Christian support system to help our children achieve their optimum growth and development.

DISCIPLINE

"Instead, speaking the truth in Love, we will in all things grow up Into Him who is the Head, that is, Christ."
Ephesians 4:15

Christ Lincoln Child Care & Preschool strives to work with your child on behavioral and decision-making skills. The goals of our program are:

1. To help children develop inner controls. Ideally, children’s behavior should not be dependent on the presence of an adult. We would like them to integrate our classroom guidelines into their natural behavior.
2. To help children feel valued and encourage them to use their God-given gifts in their relationships with others as we love our neighbor as ourselves.

It is very important for the development of children to be consistent and positive when disciplining or problem solving. The following are methods of discipline we use:

MODELING Children are natural imitators. Adults (teachers) can model a skill or desired behavior for the child to follow.

POSITIVE REINFORCEMENT Praise, attention, access to special toys, etc. can increase desired behavior.

PREVENTIVE MEASURES Teachers plan an environment that can prevent potential conflicts.

REDIRECTION Make suggestions to or give the child options of activities to participate in rather than the misbehavior. Allow the child to remove themselves from the area of conflict.

Giving CHOICES and using LOGICAL CONSEQUENCE reasoning The child is guided into and allowed to make positive choices. This helps the child to problem solve, brainstorm and realize that consequences are a result of misbehavior.

CALMING TECHNIQUES AND TIME AWAY When a child is frustrated and unable to rationalize, they deserve time alone to express their emotions. Time away needs to be presented as a positive solution to a negative behavior.

TIME OUT A technique used to interrupt unacceptable behavior by removing the child from events, encouraging unacceptable behavior. Time out is viewed as a calming device rather than a form of punishment. Timeout is used as time away from the group, with a limit of 1 minute per year of age. Most discipline problems can be prevented or handled by using a positive approach.

WRITTEN REPORTS Parents are notified through daily sheets or Incident Reports of any behavior issues that were worked with through the day. A “Three Strikes” system has been implemented in the school age classrooms. [See Appendix A.](#)

INTERVENTION PLAN When a concerning behavior needs additional support, an intervention plan may be implemented to help guide positive change. This plan will be reviewed regularly to ensure it is effective for both the student and the classroom environment. Parents will be notified and included as partners so that strategies at home and school work together to support the student’s success.

ENROLLMENT AND RELEASE OF ENROLLMENT

Enrollment is open to any child who falls within the age limits designated by Center policy, regardless of his/her race, color, religion, age, gender, or ethnic origin. Priority in enrollment will be given first to those families that are currently enrolled in Christ Lincoln Child Care & Preschool and secondly to children of staff and church members.

Enrollment may be terminated for the following reasons, with or without notice from the Center:

1. Failure of the child to adjust to the daily schedule and procedures of the Center causing an abnormal amount of stress, hardship, or anxiety on the child, staff members and/or other enrollees of the Center.
2. Failure to follow through on an intervention plan.
3. Failure to meet the payment schedule according to the signed Fee Agreement.
4. Failure by the parents or guardians to abide by the policies and procedures of Christ Lincoln Child Care & Preschool.

Parents withdrawing their children from care are required to provide a written two (2) week notice for child care and a written one (1) month notice for Half-Day Preschool. Failure to submit the notice as required will result in families being billed for tuition for the notice timeframe (2 weeks for full time care; 1 month for Half-Day Preschool).

EVENTS

Christ Lincoln Child Care & Preschool will invite parents and other special guests to special events throughout the year. These events include:

4th of July Parade (June)

Advent Celebration (December)

Specific event information will be shared with families either through email or your child's classroom teacher.

FAMILY VALUES POLICY

Christ Lincoln Schools (Child Care & Elementary), are mission programs of Christ Lincoln, A Lutheran Ministry, a member church of the Lutheran Church-Missouri Synod (LCMS). As such, we abide by the Family Values Policy as found in [Appendix B](#).

FIELD TRIPS

Field trips are an extension of learning and an opportunity to explore our community. A licensed vehicle and driver over 25 years of age will be provided by CLCC & P to transport your child on scheduled field trips. Drivers will have completed *Safe Kids Buckle Up Transportation Training* and hold a clean driving record. The Center will always notify parents through a written permission of scheduled field trips. The Center bus has integrated seat belts and 5-point harnesses. We will request car seats for the children's use if a rental van is used. Parents are always welcome to accompany us (using their own transportation and completing a background check a week prior to the scheduled trip). Younger or older siblings should not attend field trips. Any fees related to a field trip will be billed through Smartcare.

FIRE, TORNADO AND EMERGENCY DRILLS

Christ Lincoln Schools reacts to any emergency event using our established emergency response plan, which is based on the Standard Response Protocols developed by the i Luv You Guys Foundation. We practice fire and tornado drills regularly. If a planned or unplanned fire alarm rings at any time, all children are moved quickly outside to the designated safe place. Ambulatory children walk and infants are transported in evacuation cribs. Tornado drills are practiced during the spring and summer months. Tornado drill procedures move children to designated safe areas. Disaster (natural or man-made) preparedness will evacuate or move children to a safe location, on or off campus. In the event of a threat from an intruder in the building or in the nearby community, lockdown procedures will be activated. Children will be moved into classrooms/designated safe areas. During a real tornado or lock-down situation, parents will NOT be allowed to pick up children until after the all clear notice is given.

FOOD AND NUTRITION

Good nutrition is essential for children. In addition to planning meals and snacks to meet nutritional requirements, we are interested in helping children care about good nutrition and to like a variety of good food. Nutrition education is an important component of our program and includes informal mealtime conversation, cooking projects, gardening in season and other food related activities.

Breakfast, lunch, and afternoon snack are included in your tuition. Menus are planned to meet or exceed the USDA food requirements for children, and are evaluated by a professional dietician. All menus are posted in the classroom and online for your review bi-weekly. It is important to advise us of any food allergies or special dietary needs your child may have.

Fruits and Vegetables

- Fruit is offered at least 2 times a day.
- Fruit is fresh, frozen or canned (in its own juice).
- Vegetables are offered 1-2 times a day.

- Vegetables are fresh, fresh-frozen or canned and will be fresh, steamed, boiled or roasted with little added fat.

Meats, Fats and Grains

- We offer meats or meat alternatives (i.e. beans or sunbutter) that are lean or low in fat.
- High fiber, whole grain foods are offered 2 times a day, typically.
- We seldom offer the following foods:
 - Fried or pre-fried (breaded and frozen) meats or fish
 - Fried or pre-fried potatoes (French fries, tater tots, hash browns)
 - High fat meats (hot dogs, sausage)
- Sweet are rarely offered

Beverages

- Whole milk is served to children under age 2.
- Low fat (1%) milk is served to children age 2 or older.
- 100% fruit juices may be served up to once per week.
- Water is available throughout the day both in the classroom and outdoors.
- We never offer sugary drinks or flavored milk

Goals in menu planning and food related activities

- To offer a 3 week (or greater) cycle menu that allows for seasonal changes.
- To include a combination of new and familiar foods
- To serve a variety of foods;

Supporting Healthy Eating

- Our staff join children at the table for meal times and model healthy food choices
- We serve meals family style.
- Our staff help children determine if they are still hungry before serving additional food.
- Our staff help children determine if they are full before being excused from the meal.
- Our staff rarely eat less healthy foods in front of children.
- Our staff often talk informally with the children about trying and enjoying new/ healthy foods.
- The Center provides education opportunities for staff and parents 2 times per year; Staff offer educational nutrition opportunities for children 1 time per week or more.
- Visible support of healthy foods - posters, books, pictures and dramatic play items - are available.
- Food is not used as a reward or punishment for behavior

Meals and snacks are served as follows:

Breakfast:	7:45 a.m.	Cereal or other Whole Grain, Fruit or Vegetable, Milk
Lunch	11:15 a.m.	Meat or Meat Alternative, Whole Grain, Vegetable, Fruit and Milk
Snack	3:15 p.m.	Choice of Two of the Following: Whole Grain, Fruit/Fruit Juice, Vegetable, Milk or Protein

***NOTE:** Please have children finish any food before arrival at the Center. Children that are eating food not provided to the whole group is discriminatory. Chewing gum and candy should not be brought into the Center at any time. Please speak with administration about any food allergies or meal accommodations.

Children are allowed to pack **meals from home**, however, they must meet the CACFP guidelines as listed above. If any component is missing for the meal, the Center will provide a substitute of an item to complete the meal. Junk food, like chips, desserts or candy will not be allowed.

Christ Lincoln Child Care & Preschool is a **Nut Safe Environment**. Nut allergies are very serious and can be life threatening. Any food brought in to share in the classroom must be nut free. Reading the labels is important. If you have fed your child food containing nuts before arriving at Child Care, please make sure that you wash their

hands and face upon arrival. Some children are sensitive to contact with nut products that are on surfaces that have been touched by nut products.

GROWTH & DEVELOPMENT

Frequent exchanges between parents and teachers enrich the child care experience for teachers, children, and parents. Teachers are interested in knowing about a family's concerns, difficulties, and pleasures in their child's experiences at home. Knowing that a child had a hard night, or exciting company, or is planning a trip, can help the teacher understand that child's mood, and better plan the day. Be sure to tell us of any crisis in your child's life so we can help him or her cope with it.

Teachers are also eager to share the child's interests, skills, problems and strengths with the parents as they emerge at CLCC & P so conferences are available for each child. Conferences are offered when your child enters a new room. The teacher(s) will offer this conference to introduce you and your child to the new room, to explain routines, and to share information and expectations. To better facilitate a smooth transition, the teacher may ask you for information about your child. This would be a good time for you to share any concerns and/or strengths which you feel are important for teachers to know.

When your child is ready to move on to the next room, a "moving up" conference can be held. This will be an individual conference which will provide a framework for the teacher(s) to share with you what they have observed and learned about your child. It will be descriptive in nature, and will center around a portfolio of your child's work as well as antidotes and observations about your child which the teacher(s) have collected over a span of time. This collection will vary, depending on the age of the child, but will contain material which is appropriate for your child's stage of development.

It is important to note that the information shared by teachers will not be evaluative, but will be focused on each child as an individual. About every six months, teachers will complete a *Milestone Moments* survey to help track development milestones. At times, an *Ages and Stages Questionnaire* will be shared with parents of individual children if there is concern of developmental delays or with parents of whole classrooms to evaluate the yearly progress of the classroom as a whole. Teachers may also gather developmental progress through other observation tools or specific activities. Hopefully, this information will be a starting point for a discussion between you and each teacher about your child in the context of his/her day at the Center. Of course, you are encouraged to talk with teachers anytime there is a concern or an issue which you want to discuss, and conferences can occur at any time there is a need.

HEALTH AND SAFETY

We are committed to decreasing the spread of communicable diseases throughout the facility. Unfortunately, all children come into contact with bacteria, viruses, fungi, infestations and other infectious agents on a daily basis. CLCC & P staff does everything possible to minimize the spread of these organisms including demonstrating and practicing proper hand washing techniques and utilizing proper sanitation and hygiene practices.

The Center requests that **all children wash their hands upon arrival** and before going to their classroom to promote a healthy environment.

Communicable Diseases

State Licensing and the Health Department requires that occurrences of certain *reportable* communicable diseases be shared Center-wide. Occurrences of [Chicken Pox, Conjunctivitis (Pink Eye), Head Lice, Influenza, Pin Worm, Ring Worm, Scabies, Fifth Disease, Rotavirus, RSV and COVID] will be communicated to you through email and include an information page about the illness. As a courtesy to families, occurrences of *non-reportable* communicable diseases will be shared through an information sheet posted in the classroom.

Exclusion Policy

Children exhibiting any of the below symptoms should not be brought to child care and subsequently, if your child develops any of these symptoms during the day, you will be notified and requested to pick your child up within one hour. Your child may return to care when he/she has been symptom free for at least 24 hours (for example, fever free for 24 hours without fever reducing medication). In certain cases, a Dr.'s note may be requested before your child can return. If you know that your child has a communicable disease, please notify us immediately. Children who are absent due to a communicable disease (those that need to be reported to the Health Department) may not return to the Center without a signed statement from a doctor indicating that the child is no longer contagious.

Exclusion Symptoms include:

- Fever of 100.4 or greater, not associated with teething or immunizations
- Vomiting
- Diarrhea
- Mucus or pus from eye or ear
- Undiagnosed rash
- Sore throat, especially with fever or swollen glands in neck.
- Live lice or nit infestation
- Appearance or behavioral changes such as weakness, decreased level of energy, paleness, lack of appetite, difficult to awake, confused or irritable.
- Other symptom deemed by the administration as a necessary exclusion.

See **Appendix C** for an example of our Exclusion Form.

The Lancaster County Health Department reminds us that spending time outdoors does not cause or worsen winter colds. If a child is well enough to attend the Center, he/she is well enough to go outside.

Medical Emergencies

Parents/Guardians will be contacted immediately in the case of an emergency. If the parent or guardian cannot be reached, the emergency contact(s) listed on the enrollment form or the child's doctor may be called. The child will be transported to the listed preferred hospital by Center staff or by ambulance in the event a parent or guardian cannot be reached, or if the doctor requests. The Center will continue trying to reach the parent or guardian until contact has been made. 911 will be called in cases of extreme emergency.

Medications

We understand that medications are needed at times to support health. The Center appreciates if these can be administered at home as much as possible. However, if doses are needed during the day, the following information must be adhered to:

- A competency statement authorizing Christ Lincoln Child Care & Preschool to administer medication also must be on file. (This statement is included in the permissions section in your enrollment.)
- Allow time to complete a medication permission form in the classroom or the administrative office. This form includes such information as the name of the medication, dosage and time to be given, dates to be given and a parent or guardian signature. This permission form then becomes a log for Center staff to document when medication is administered - the date, time, medication name, delivery route and signature of the staff person administering the medication.
- Medications (prescription or "over the counter") to be administered to your child, must be provided in the original container.
- Instructions for giving medications on the medication form must agree with the recommended dosage listed on the container. A signed physician's statement (prescription) must be on file at the Center for us to dispense an amount different from the instructions on the container. i.e. Infant/Children's Tylenol dosing

- Medications should be taken home once they are no longer needed.
- Please note that we keep the medication that we give or apply to your child confidential. In most cases medication is administered in the classroom, but for school age children, we can discuss accommodations for medication to be administered in the office.

HOURS OF OPERATION & HOLIDAYS

Christ Lincoln Child Care & Preschool - Sumner Campus is open 7:00 AM to 5:30 PM, Monday through Friday. Christ Lincoln Child Care & Preschool - Yankee Hill Campus is open 7:30 AM to 5:30 PM, Monday through Friday. We are closed for major holidays: New Year's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, Christmas Eve, and Christmas Day. The Center will close at 3:30 PM on the eves before Thanksgiving Day and New Year's Day to allow our families and staff ample time to celebrate the holidays with their loved ones. When a holiday falls on a weekend, the Center will close accordingly on either Monday or Friday. We close two days for a staff in-service - one in February and one in September.

INFANTS

The following information applies specifically to children in the infant rooms.

Cleanliness

Strict standards of cleanliness and safety are observed when caring for infants. Mouthed toys are immediately put up to be washed and sanitized. Shelves, toys and equipment are cleaned and sanitized multiple times a day. Bedding will be washed a minimum of once a week. Bibs and washcloths are only used by one child and laundered between each use.

Diapering

Parents will provide all diapering supplies, including disposable diapers and wipes. All creams or ointments for use on children for diapering must be brought from home, clearly marked with the child's name and stored in the child's diapering basket. A request to use cloth diapers must be accompanied by a physician's statement giving the medical reason for the request. Infants are bathed at the Center only for emergency reasons. Warm water is used for bathing infants. Hand soap will be provided for hand washing following diapering and before and after meals.

Infant Feeding

The Center provides *Parent's Choice milk-based formula with Lipids DHA & ARA, with Iron*. If you choose to decline the Center's formula, you will be expected to supply CLCC & P with the formula you choose for your infant. Parents providing breast milk should refer to specific guidelines in the infant room handbook for safe storage and required labeling.

All formulas, breast milk and special baby food must be brought from home in plastic bottles and containers. No glass bottles are used in the Center. Please write your child's name, in permanent marker, on the bottles. You will be required to provide information about your child's typical feeding schedule. As new foods (cereal, fruits, vegetables, table-foods) are introduced to your child, parents should update information with the classroom teachers. When infants transition to soft table foods and whole milk, we will furnish their food. See the Infant classroom packet for a more detailed description.

Infant Safe Sleep Policy

In following Safe Sleep Practices, staff at CLCC & P will put infants under the age of 12 months on their back when placed in cribs unless there is a medical waiver stating the child should sleep in a different position.

- An infant that arrives asleep in their car seat will be moved to a crib. Children will not be put to sleep using a vibrating or bouncing seat.
- Christ Lincoln is a smoke free building.
- Sleeping infants will be actively observed by sight and sound.

- Blankets, bumper pads, pillows, soft objects and toys (including mobiles and other types of play equipment that are designed to be attached to any part of the crib) will not be used in the cribs for sleeping.
- Parents/guardians are encouraged to bring sleep clothing such as a blanket sleeper or sleep sack for napping.
- Infants will not be swaddled during sleep or wake times unless a waiver for medical necessity is given by the infant's physician.
- Supervised "Tummy Time" will be offered daily during the baby's awake time.

LIBRARY

Christ Lincoln Schools' library is open for all students on the Sumner Campus to check out books and resources for their reading pleasure. It is a privilege to check out materials and if a student does not return books in a timely manner, that privilege will be discontinued until the materials are returned. If books come back with excessive wear or are lost, the student and their family will be responsible for the cost of the replacement book. Classroom libraries are established on both campuses. Should Yankee Hill campus classrooms need specific books, the CLS or city libraries will be utilized.

LICENSING REGULATIONS

The Center is required to follow the licensing regulations of the State Department of Health and Human Services System, Fire Marshal, Lancaster County Health Department, USDA, U.S. Civil Defense guidelines, and the Department of Education.

A *Parent Information Brochure* is provided by the NE Department of Health and Human Services and describes how regulations can be accessed, how Child Care licensing staff can be contacted and how complaints can be made. This brochure will be included in the center's Welcome Packet and online as part of enrollment.

PARENT CONNECT

Christ Lincoln Schools has an active parent organization that plans several fun family events throughout the year as well as parent volunteer opportunities. All parents who have children in any of the Christ Lincoln Schools programs are encouraged to participate. Watch the CLS Newsletter for information on meetings and events.

PARENT GRIEVANCE

At Christ Lincoln Schools we follow Matthew 18 as it relates to parent/staff grievances. Talking things over usually helps when you have a complaint, grievance, or any other problem. Most problems, misunderstandings, and concerns can most easily be resolved by the client and the staff member through an informal, person-to-person conversation. In the event such matters cannot be resolved by the client and the staff member, or if the client seeks further review of the matter, the following procedures should be followed:

Conference with staff member: Clients of the Center can schedule a specific time to meet with the staff member to express problems or concerns. Should matters still not be resolved by the client and staff member, and if the client seeks further review of the matter, the client may request a conference with the Director.

Conference with Director or Assistant Director: The request for a conference shall be made orally or in writing. At the time of making the request, the client shall indicate whether he or she desires that the staff member involved be present at the conference.

At the conference, the client and the staff member, if present, will explain his or her problem or concern to the Director. If the staff member is not present, the Director shall discuss the matter with him or her. The Director may contact other appropriate parties and conduct further conferences with the client and/or the staff member prior to taking any action in response to the matter.

After he/she has had an opportunity to gather all necessary information, the Director shall determine what action, if any, should be taken. The Director shall advise the staff member and the client of the decision. If he/she is not satisfied with the Director's decision, the client may request further review of the matter by the Principal of Christ Lincoln Schools.

PHYSICAL ACTIVITY

Physical activity is an important part of our days. Physical activity supports our physical growth and development, our creativity, our brain development, our problem-solving skills and our general health.

Active Play & Inactive Time

- We provide at least 90 minutes for indoor and outdoor physical activity each day for toddlers [at least 60 minutes of those are outside].
- We provide at least 120 minutes for indoor and outdoor physical activity each day for preschool and school aged children [at least 90 minutes of those are outside].
- We provide at least one adult-led physical activity per day/week
- We ensure children are not asked to sit for periods of more than 15 minutes [outside of nap and meal times].

Outdoor Play & Learning

- The Center values our time outdoors and offers at least one time outside per day for infants and 2-3 times per day outside for toddlers, preschoolers and school aged children.
- A variety of outdoor activities are incorporated into our outdoor play and learning time such as free choice play, structured learning opportunities, seasonal outdoor activities and outdoor field trips [age 3 and up].
- Each playground is equipped with fixed play equipment (tunnels, climbing and balancing equipment) that is extensive and varied for all children.
- Portable play equipment (wheeled toys, balls, hoops, parachutes, digging tools) is diverse and available for children to use at the same time outdoors and is available for gym play as well.
- Our outdoor play spaces also include open, grassy areas and a track/path for wheeled toys. Our indoor play space is available for all activities, including running, when weather does not permit outdoor play.

Supporting Physical Activity

Our staff encourage children to be active in their play, teach new games and display pictures or books about physical activity. Planned physical activity is incorporated into daily schedules 1 time per week or more. Physical activity education is offered to staff and families. To ensure safe sun exposure, shaded areas are built into the playground spaces and we provide sunscreen for the children, which will be applied when we are outdoors more than 15 minutes from April - September.

RESEARCH

The Center will encourage meaningful research. Persons wishing to conduct legitimate research activity requiring the participation of students and/or staff must first obtain a written consent from the Director and the parent of any child involved. Such permission will be contingent upon a careful appraisal of the proposed activity by the Director and the school Principal.

SECURITY SYSTEM

Christ Lincoln Schools has locked access point doors for the safety of children and staff. Parents will be issued two key fobs at their start date that will open the school doors between 7:00 am and 5:30 pm:

- Sumner campus parents will need to enter the north or central doors during the hours of 8:30am-3 pm.

- Yankee Hill campus parents should use the lower level south entrance.

Additional fobs may be requested for grandparents, nannies, etc. with a \$15 deposit. If you lose or break your fob, a \$15 replacement fee will be charged. When your child is no longer participating in a Christ Lincoln Schools program, the issued fobs should be turned in by the last day of care or the replacement cost will be billed to you. Please do not open the security doors for people you do not know. Direct them to a main entrance and let someone at the administrative desk know that a guest has arrived.

SMOKING POLICY

Smoking is not permitted anywhere in the buildings, on the playgrounds, or anywhere on campus.

SCHOOL CANCELLATION

In the event of bad weather, Christ Lincoln Schools administration will determine if elementary and child care will close. Text messaging is in place and will notify families of closings, late starts or changes in schedule. Please register to receive text alerts using the link on the [Resources](#) page of our website. Closings are also posted on the Christ Lincoln Schools Facebook, Twitter and Instagram pages, on Channel 8 TV News, and on the homepage of our website, www.christlincolnschools.org.

SCREEN TIME

Our program is based on days without any screen time. However, screens are used occasionally for special events or for educational purposes. For special events, like National Lutheran Schools Week or a School out day, the selection is age appropriate and less than 30 minutes in length. For educational purposes, the selection must support the theme focus for the week and be less than 20 minutes in length. The teachers will talk about the selection and relate it and follow up questions to reach the desired learning outcome. When screen time is offered, children will be given the option of an alternative activity. In addition, screen time will never be used to manage challenging behaviors and will rarely be used as a reward. Programming will always be commercial free.

STAFF

Christ Lincoln Child Care & Preschool staff is experienced with children and/or have educational backgrounds in child development or a related field. Child care employees are required by the State of Nebraska to obtain continuing education in-service hours each year based on their scheduled working hours to keep up to date in the latest trends in child development. Training includes, but is not limited to, health, safety, and Nebraska Early Learning Guidelines. CLCC & P full-time staff are required to have Pediatric First Aid and CPR.

A criminal background check, as required by state child care licensing regulations, will be done on each new employee of CLCC & P and anyone who is to have contact with children. This policy includes administration, full-time and part-time teachers, cooks, administrative assistants, and custodial staff who are employed by the Center. To meet the background check requirements, CLCC & P utilizes the Health and Human Services Central Registry, Nebraska State Patrol fingerprinting and Protect My Ministry, which includes local, state and national law enforcement agency reports.

We understand that, at times, parents may be interested in asking staff to babysit/nanny for their family directly. Please do not allow this to interfere with a staff person's commitment to their role at Christ Lincoln Child Care & Preschool. Soliciting staff away from this organization only harms our ability to provide adequate care. Arrangements should be made outside of Center hours and not conflict with work schedules. Proper permissions must be given to the office should a staff member be authorized to pick up children from care.

STEP UP TO QUALITY

Step Up to Quality (SUTQ) is Nebraska's Early Childhood Quality Rating and Improvement System. The SUTQ Child Care Act was passed in June, 2013, by the Nebraska Unicameral. Nebraska now joins the ranks of over 40 states

in the country that are in some phase of implementation of an early childhood quality rating and improvement system. The primary goal of SUTQ is to improve early care and education quality and increase positive outcomes for young children. It works to improve teacher and director effectiveness through training and professional development, formal education and coaching. In addition, there is an emphasis on strengthening the understanding and use of standards, assessment processes, and using data to improve quality. Christ Lincoln Child Care & Preschool participates in SUTQ. Our learning is structured around creative arts, science, mathematics, language/literacy, dramatic play and Christian Growth. Teachers understand child development and plan activities around fine motor, gross motor, communication and intellectual development, discovery, self-help and pretend. Activities happen indoors and outdoors, in group and individual settings. Active and rest times are built into each day.

TOILET TRAINING

As children near the age of two, parents begin to think about toilet training. Over the years of working with two year olds, we have found several things helpful. First, and most important, are the signs from the children themselves; such as:

- Diapers being dry upon awakening in the morning and after naps.
- Diapers are dry for a period of one hour or more.
- The child willingly sits on the toilet or asks to sit on the toilet.
- The child has mastered the concept of putting something into a container and taking it out.

Toilet training is a learning process just like learning to walk, eating with utensils, putting clothes on and taking them off, holding crayons to color, etc. It is a process that takes time. What this means for teachers and parents is patience during this process of development. It means there will be times when the child urinates or has a bowel movement in the toilet and lots of times when the child doesn't.

The Center requires that during the time of training, children should be in diapers as we are working with large numbers of children in the process of training. We require disposable diapers because we feel they are most sanitary for teachers to change and they take less time. Bowel movements in training pants (pull-ups) are time consuming and it is more difficult to remove them for proper clean up. Diapers do not hinder the training process. Diapers that are dry can be put back on. A child may be placed in regular underwear when the child has gone 2-4 weeks with dry, unsoiled diapers and after parent-teacher consultation.

Our goal is to help children achieve toilet training success in the most pleasant and patient atmosphere possible.

Children attending Half-Day Preschool must be toilet trained prior to the start of the school year.

TUITION POLICIES

Christ Lincoln Child Care & Preschool is pleased with the opportunity to care for your child and can secure your child's enrollment with our facility after we have received the annual enrollment fee. We welcome your family to our program upon confirmation of space, receipt of your completed enrollment, including a signed fee agreement and an established billing account.

Tuition Plans

Bi-WEEKLY [preferred option for Sumner and Yankee Hill]>The Bi-weekly plan is due every other Monday for the two week period starting on that Monday.

MONTHLY [Sumner option]>Monthly payments will be due on the 1st of the month for the coming averaged cost month (see tuition page for more information).

CHARGES >Charges for both plans will be posted in the billing area of the Smartcare Parent App five days prior to the due date.

PAYMENTS>Families can make a payment anytime after the tuition is posted, but must have the balance paid by

the due date. Set-up of auto-pay is required unless you speak to the Director about unique circumstances. Late fees are applied when an account is not paid after a five-day grace period.

Payment Policies

- The tuition rate is based on a child's birthday rather than the movement to a new classroom. The new rate is reflected the first full week following the child's birthday. (i.e. 18 months or 3 years).
- Title XX client co-pay tuition is due, in full, on the first business day of the month or childcare will be terminated.
- Annual vacation credit is offered following 6 months of enrollment, with two weeks prior notice. The annual calendar year runs July 1 to June 30. Your child may be absent five consecutive days for vacation and you will be charged one-half of the weekly tuition rate.
- Client fees are charged on the basis of enrollment, not attendance. The charge remains the same if the child is ill, visiting a relative or out for any reason as well as Center closings for Holidays, teacher in-service or inclement weather. The fee for the week is as stated on the fee schedule and enrollment agreement.
- There is an annual enrollment fee of \$75 per child. This fee is due at initial registration and annually thereafter on the 1st of July.
- Fees are considered past due and delinquent if not received within 5 days of the invoice due date. After 5 days, a late payment fee of \$35 will be assessed. If payment has not been made one week after the delinquency date, your child may be asked to withdraw until payment has been made in full. If payment is not caught up by the next tuition due date, a payment plan will be put in place. If your account becomes overdue by the equivalent of two months of tuition, care will be terminated.
- Payment of tuition and fees may be made by checking account, credit or debit card. There is no additional fee for using a checking account. Use of a credit/debit card will incur a 2.85% transaction fee that will be added to your account; payments from a checking account (ACH) will incur a flat \$2 per transaction convenience fee.
- A late fee of \$1 per minute per child will be charged for child pick-ups after the Center closing time. This late fee is due immediately.
- A fee schedule and enrollment agreement must be signed as to method of payment either monthly (1st) or bi-weekly (every other Monday).
- Daily absences or late arrivals should be called in to the office before 8:30 a.m.:
 - Sumner Campus 402-483-7774 ext. 110
 - Yankee Hill Campus 402-483-7775 ext. 127
- The Center requires a two-week written notice before withdrawing a child from the program. Failure to give the two-week notice will result in two weeks of tuition assessed to the client's account; 1 month is required for Half-Day Preschool. Vacation time may not be used as part of the two-week notice.

VISITS

Parents are welcome to visit the Center at any time. For special visits, mornings between 9:00 to 11:00 are the best hours to observe children taking part in planned activities. Nap time or afternoon hours are a good time to talk to teachers, either by telephone or in a conference. Please coordinate time with the Director or classroom teacher.

VOLUNTEERS

CLCC & P may use volunteers from various organizations such as Grandpals, Family or Church Members. Southeast Community College or surrounding Universities and Colleges also place students with us for practicum experiences. Volunteers and students are never left alone with the children nor are they counted in the child-teacher ratio. Volunteers and students also participate in all of the background checks that are required for employees.

WELLNESS POLICY

Christ Lincoln Child Care & Preschool is committed to providing a learning environment that supports and promotes wellness, good nutrition, and an active lifestyle and recognizes the positive relationship between good nutrition, physical activity and the capacity of the students to develop and learn. The entire school environment shall be aligned with healthy goals to positively influence student’s beliefs and habits and promote health and wellness, good nutrition and regular physical activity. In addition, staff shall be encouraged to model healthy eating and physical activity as a valuable part of daily life. A copy of this policy is available in the office for your review.

APPENDIX A

School Age Care Expectations:

While School Age Care is a more relaxed environment, the expectations for students in ALL Christ Lincoln Schools programs are the same: **Be Respectful, Be Responsible, Be Safe, and Serve Others**. These expectations shape how we interact with others and use equipment and materials in our classrooms and playgrounds.

In an effort to reinforce expectations, we utilize a rewards system to help encourage students to make choices that are safe, responsible, respectful, and service oriented. We give students points when we see them making good choices (following directions the first time, helping others, being kind, etc.). They are then able to redeem these points for various prizes. We never take points away from students, so once they earn the points they get to keep them until they decide to spend them.

In some situations, students may not always make the best choices. In this case, there are consequences to help them learn from their mistakes, just like in school. Our ultimate goal when giving consequences is to help students be more successful in the future. In our program, we will either have students walk laps at our recess time, or fill out think sheets. Our think sheets ask students to reflect on their actions and explain how they can make a better choice in the future. We discuss these with students and sometimes send them home for parents to read. Whether or not we send them home depends on the severity of the issue.

Three Strikes

This rule applies when the student has been redirected multiple times by the classroom teacher with no change to the behavior or the behavior is very serious in nature. In both scenarios a conversation with administrative staff is warranted. Administrators will discuss the situation with the child or children involved and take additional action.

**See the full details in the School Age Care Welcome Packet.*

APPENDIX B

CHRIST LINCOLN SCHOOLS FAMILY VALUES POLICY

Christ Lincoln Schools is operated by Christ Lutheran Church (dba Christ Lincoln, A Lutheran Ministry). Christ Lutheran Church is a Member congregation of the Lutheran Church-Missouri Synod (LCMS).

Christ Lincoln Schools is a school *with* a mission, but it is more than that. Christ Lincoln considers Christ Lincoln Schools to *be* a mission, one form of Christian mission to its members and to the community. We believe that the purpose of education is not ultimately to prepare people for life in this world, but to “make people wise unto salvation through faith in Jesus Christ.” (1 Tim. 3:15).

Christian beliefs, as understood and taught in the LCMS, pervade everything that is done at Christ Lincoln Schools. Christian instruction is not only carried out formally, but it is integrated into the study of every subject. Students are immersed in a Christian atmosphere, surrounded by teachers, administrators, and school employees whose very presence is a testimonial to the Lutheran faith and way of life.

We are a creedal church with definite beliefs on many points of Christian faith. We affirm the historic creeds of the Church, and in various moral areas where the Church’s historic teaching is being debated, we are firmly rooted in the Scripture as God’s Word for us today. For instance, we affirm the sanctity of human life, including the life of an unborn child. We believe that God designed marriage as the lifelong union of one man and one woman and has designed sexuality to be used solely within that union. The beliefs of our congregation and of Christ Schools will be clearly taught, as it is our belief that they are in accordance with God’s design for our lives.

We also believe that we are all sinners, that is, that we all fall short of God’s standards in one way or another. We are dependent on God’s mercy and grace; we are dependent on His love – God so loved the world that He gave His one and only Son, that whoever believes in Him should not perish but have eternal life (John 3: 16). We gather together as Christ Schools in an effort to encourage one another in our walk with Jesus, to urge one another to respond in love toward God by conforming to the wonderful plan that He has for each of our lives. As such, we expect that the families of our students will seek to live in ways that are in accordance with our teachings on matters of faith and conduct. While not all of our families or students may believe the teachings of our congregation or school, while none of us are perfect, nevertheless, family members may not promote beliefs that are contrary to ours or otherwise weaken the Christian atmosphere at the school. If a family member of a student or applicant for enrollment publicly challenges our teachings or conducts his or her life in a way that is contrary to those teachings, and if this becomes disruptive to the learning environment, the student or applicant may be expelled, suspended or refused enrollment.

LCMS doctrine and practices are derived from the Christian Scriptures, the Lutheran confessions, and the applicable resolutions of the LCMS. For the purposes of this policy, the decision of the Principal of what constitutes the beliefs and teachings of the LCMS and what actions or conduct constitutes a violation of this policy shall be final and binding. Family members who are unfamiliar with our church's beliefs and teachings on any subject should inquire about them from the Principal or Pastors of Christ Lutheran Church.

Child Exclusion Form

christ lincoln
SCHOOLS

CHILD CARE & PRESCHOOL
Growing Beyond

Your child is being excluded from care at Christ Lincoln Childcare & Preschool for one or more of the following symptoms.

- Fever of 100.4 degrees or greater, not associated with teething or immunizations
 ____@____ am/pm
- Vomiting
- Diarrhea
- Mucus or pus from eye or ear
- Undiagnosed rash
- Sore throat, especially with fever or swollen glands in neck
- Live lice or nit infestation
- Appearance or behavioral changes such as weakness, decreased level of energy, paleness, lack of appetite, difficult to awake, confused or irritable.
- Other symptoms deemed by the administration as a necessary exclusion.
 As noted: _____

Typical Return Policy: Your child may return to care when he/she has been symptom free for at least 24 hours (without fever reducing medication). If antibiotics are prescribed, a minimum 24 hours of dosing is needed before return.

Communicable Disease Return Policy: A diagnosis of a communicable disease will warrant a different exclusion period. The exclusion is dependent on the illness. Guidance from the LLCHD and/or CDC for the specific illness will be followed. **Communicable Diseases** include, but are not limited to: Varicella (chicken pox), Conjunctivitis (pink eye), Head lice, Influenza, Pin Worm, Ring Worm, Scabies, Fifth Disease, Rotavirus, Respiratory Syncytial Virus (RSV), COVID19.

Thank you for understanding. We look forward to taking care of your child when they are feeling better!

Child: _____ **Exclusion Date:** _____

May Return: _____

- Doctor's note needed stating the actual diagnosis.

HEALTH AND SAFETY

Updated: 11-04-24

Subject:

COLD WEATHER

It shall be the policy of Christ Lincoln Schools to keep children and students inside at recess time when the “feels like” temperature is 10 degrees Fahrenheit or colder. Attention should also be given to the wind chill index when a decision to remain indoors is made. The Weather Channel app will be used to make these decisions.

Child Care Weather Watch

Wind-Chill Factor Chart (in Fahrenheit)										
		Wind Speed in mph								
		Calm	5	10	15	20	25	30	35	40

- 60° or greater: Jacket Optional
- 50-59°: Jackets Needed
- 33-49°: Jackets/Coats, Hats, & Gloves
- 11-32°: Coats, Snow Pants, Hats, & Gloves
- 10° and colder: Inside recess

APPENDIX E

Christ Lincoln Schools

Document No: **03-09-07**

Section:

HEALTH AND SAFETY

Updated: 6-12-24

Subject:

Excessive Heat

It shall be the policy of Christ Lincoln Schools to keep children and students inside at recess time when the “feels like” temperature is in the Danger or Extreme Danger level.

The [NWS Heat Index](#) will be used as the chart of reference. At the identified levels, our protocol is as follows

- Caution Level: No restrictions
- Extreme Level: Outdoor activity is limited to 30 minutes per outing with a two hour indoor recovery time between outdoor activities.
- Danger Level: No outdoor activity
- Extreme Danger Level: No outdoor activity

The Weather Channel app will be used to determine the “feels like” temperature.
